 - Entertainment
 - Snacks

Let's not just talk the talk, but walk the walk!

Be present in great numbers to welcome the larger community to our church and to add our names to those who are standing up for fairness and saying no to discrimination!

Why is All Souls Social Action Team supporting this resolution?

In September, 2005, the Social Action Team surveyed the congregation about their top social justice concerns. Among the top three was the equality of GLBT individuals, including the right to marry. We are endorsing the Pikes Peak Equality Coalition and support their efforts to promote:

- **fairness and equality**
- **religious pluralism**
- **all families**
- **religious freedom**
- **privacy and liberty**
- **solidarity with the gay, lesbian, bisexual and transgender people of this state**

We oppose any effort to amend the State Constitution to ban the recognition of marriages between two adults of the same sex.
